DETAILED ACTION

Election/Restrictions

1. Applicant has replied to examiner's restriction requirement of 06/17/03 and has elected without traverse group I. Applicant has cancelled claims 29-45, drawn to the non-elected group.

Claim Rejections - 35 USC § 102

2. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1-28 and 46-49 are rejected under 35 U.S.C. 102(e) as being anticipated by Hendricks et al.

Hendricks et al. shows, figure 1, an advanced set top terminal for cable television delivery systems. The system has an operations center 202 (first storage, host side device, first sending/receiving (S?R) unit). The network controller acts as the retrieval unit, decision unit, reproducing unit and the second S/R. Column 20, line 36, shows that the controller can distinguish newly stored data. Supplementary data can be provided when user requests more (intent of user). Communication links allow requests
